2. USA Course Evaluation

Please list up to three things that you liked about this course.

- Great class time
 - always answered my questions with clear answers
- -Scheduled homework and quizzes
- 1. The teacher was pretty cool, funny and knows his math. Made it understandable and used analogies to help further understand the problems.

 2. I felt comfortable with this math course, the material I could make sense of not perfect but fairly well.

 - 3. Feel prepared for the next math course.
- Great class time

Professor was well educated and nice to us Gave enormous amount of time for work

- He is funny and is willing go the extra mile to clarify and make things clear. He gives us the time to figure out the problems and gives good feedback
- He tries his hardest to really explain the material and he is always available to help anyone who is having difficulties with any of the material.
- He was helpful. He taught well. It was well organized.
- I didn't like much of anything except for it being online. Instructor was terrible.
- I liked the teacher, how he we were allowed to interact with each other, and how he explained the problems to us.
- My instructor, at home quizzes, and the fact I can always see my grade.
- N/A
- Not required attendance. I like the mix of online and class time.

I wouldn't change anything.					
Less work More study guide Better pace					
N/A					
Nothing I didn't see a problem with anything					
Receive tests back to see what we missed.					
class was great nothing really that i would change					
my math labs plus needs to be more lenient on small errors					
•my labs plus is dumb sometimes •he didn't cover the harder type of questions in class, only the •extra credit would be nice	e easy stuff so when we worked	on the homework it was more	e difficult
