- Excellent professor that was enthusiastic about the material and put in lots of effort into the class.
  Everything that was required of us for the grade we want was very clear.
  Working through problems with the group was helpful and made the class enjoyable.
- Format of the class was less stressful than traditional grading. The use of "mastery checks" allows for a student to make their own progress at their time.
- I like the check system, made the course more manageable

2.7) Please list up to three things that you would change about this course.

- I would change the nature of the mastery quizzes to make it harder to streamline; I just needed to learn how to do that particular problem for the 2 check marks and not need to understand the general concept.
